TRANSLATION
[20 marks]

Tsɔɔmɔ sane nɛɛ shishi kɛba Ga mli.

5. The elders say that we do not comment on everything we see. Some of the things are only for our eyes and not for our mouths. For one to achieve success, one must know when to speak.
We should know when we have to share our dreams and visions. There are people who are dream and vision killers. If you share your dream with such people, they will kill it.
Although the lion is the strongest in the animal kingdom, if a lion exposes its three-week old cub to the goat, the goat will trample upon it and kill it. However, let the lion expose its six-month old cub to the goat and it will devour the goat. Don't prematurely expose your dream and vision to people you don't know.
